- Board of Orthodontics, 180, 245
- Dental Association, national dental salvage program, 57
 - publication, Dental Pictorial, 306
 - War Service Committee, 681
- Analysis of Tweed philosophy, 527
- Anchorage, extraoral, headcap for, 228
- occipital, application of, 638
- preparation, 225
- Andresen method, 563 (Abst.)
- Anesthetic drugs, pharmacology of, 501 (B. rev.)
- Anisocoria due to irritations of dental origin, 45 (Abst.)
- Ankylosed deciduous molar, case of, 648
- Annual review of physiology, 616 (B. rev.)
- Anthropologic study of face height, 90
- Anthropometry in pediatrician's office, 300 (Abst.)
- Appliance, Johnson twin-wire, philosophy behind, 459
 - labio-lingual, variations in use of, 208
 - orthodontic, postal regulations on, 503
 - philosophy of edgewise arch, 478
 - treatment, fabricating chrome alloy into different types of, 38
 - universal, philosophy behind, as advocated by Dr. Spencer R. Atkinson, 435
- Appointments, dental, 367
- Atkinson, Dr. Spencer R., philosophy behind universal appliance as advocated by, 435
- Axial inclination of mandibular incisors, 571

B

- Bacteriology, textbook of, 50 (B. rev.)
- Band making, Johnson technique of anterior and molar, 340
- Bone age in children, determination of, 617 (Abst.)
- development in preschool children, 297 (Abst.)
- Buccal tubes, molar, adjustment of, for Johnson twin-wire mechanism, 344
- Burs, WPB appeal for, 123

C

- Canines, impacted maxillary, some views on subject of, 550
- Carcinoma of gum, 241 (Abst.)
- Caries, dental, masticatory stresses and their relation to, 55 (Abst.)
- Carotid sinus, regulating mechanism of, and its influence in dental chair, 364 (Abst.)

- Children, assessing physical condition of, 419 (Abst.)
 - determination of bone age in, 617 (Abst.)
 - obesity in, 298 (Abst.)
 - of North European stock, body measurements based on studies of, 300 (Abst.)
 - preschool, bone development in, 297 (Abst.)
- Children's dentistry, growth plateaus in orthodontics as it applies to, 403
 - committee report on suggestion that orthodontists devote one day per week to, 502
- Chrome alloy in different types of treatment appliances, 38
 - in labio-lingual technique, 602
- Class II, Division 1, 134
- Cleft palate, 241 (Abst.)
- Cleido cranial dysostosis, dental conditions in, 61
- Clinic, Johnson twin-wire arch, 340
 - on edgewise arch mechanism in accordance with Tweed philosophy and technique, 222
- Coil spring attachment to Johnson twin-wire appliance, 355
- Collier's year book, 500 (B. rev.)
- Correspondence, 294
- Cotter key in intermaxillary ligation of fractures, use of, 373

D

- Decay, tooth, place of residence affects, 125
 Deciduous molar, ankylosed, case of, 648
 teeth, incidence and effect of premature extraction of, 675 (Abst.)
 Dental appointments, 367
 chair, regulating mechanism of carotid sinus and its influence in, 364 (Abst.)
 conditions in cleidocranial dysostosis, 61
 Pictorial, new American Dental Association publication, 306
 studies of triplets, 114, 115 (Absts.)
 Dentistry's part in inter-American forum, 432
 Denture law, mail-order, report on, 734
 Development of head, 541
 phase of, concerned with erupting permanent teeth, 507
 Diagnosis, general physical, 658
 Differential analysis and treatment of two cases of apparent mandibular protraction, 127
 Dionne quintuplets, heredity as aetiological factor in malocclusion, as shown by study of, 561 (Abst.)
 Dysostosis, cleidocranial, dental conditions in, 61

E

- Early nutritional failure in infants, children, adolescents, and adults, recognition of, 678 (B. rev.)
 Edgewise arch appliance, philosophy of, 478
 mechanism, clinics on, 222
 Elements, trace, in nutrition, 496 (Abst.)
 Embryology, textbook of, 48 (B. rev.)
 Endocrin dysfunction, case of hereditary mesiocclusion complicated by, 595
 England in wartime, orthodontics in, 294
 Enrollment in dental schools, 122
 Erupting permanent teeth, phase of development concerned with, 507
 Eruption of canines in relation to hypogenitalism, delay in, 117 (Abst.)
 Eugenics and genetics, medical, 48 (B. rev.)
 Events of year 1942, 500 (B. rev.)
 Evolution of oral cavity and jaws, earliest known fossil stages in, 253
 Experimental procedure, alteration of occlusal relations induced by, 277
 Extraction, premature, of deciduous teeth, incidence and effect of, 675 (Abst.)

F

- Face and jaws, synopsis of traumatic injuries of, 240 (B. rev.)
 Face height, anthropologic study of, 90
 Facial prostheses, coloring and applying, 724 (Abst.)
 Finger-sucking, serial dental study from birth to 5 years, 242 (Abst.)
 First-aid treatment and traumatic surgery of jaws, 49 (B. rev.)
 Flux used in soldering nonprecious alloys, method for improving, 290
 Fossil stages, earliest known, in evolution of oral cavity and jaws, 253
 Fracture treatment, theoretical basis of jaw orthopedics in, 383

- Fractures, maxillary, 331
 of jaws and other facial bones, 365 (Abst.)
 use of cotter key in intermaxillary ligation of, 373

Function and structure, man in, 616 (B. rev.)

G

- Genetics and eugenics, medical, 48 (B. rev.)
 and heredity, 33
 Guide plane, occlusal, 148
 discussion of, 699
 use of, 216
 Growth plateaus in orthodontics as it applies to children's dentistry, 403

H

- Habits and their relation to malocclusion, 557 (Abst.)
 Head, development of, 541
 Headcap for extraoral anchorage, 228
 Hereditary mesiocclusion complicated by endocrin dysfunction, case of, 595
 Heredity and genetics, 33
 as aetiological factor in malocclusion, as shown by study of Dionne quintuplets, 561 (Abst.)
 Histology, outline of, 366 (B. rev.)
 Honor roll of active members of American Association of Orthodontists serving in Armed Forces, 239, 293, 363, 417, 494, 555, 614, 672, 715
 Hooks, intermaxillary, method of adjusting on Johnson twin arch, 338
 Hypogenitalism, delay in eruption of canines in relation to, 117 (Abst.)

I

- Idiopathic root resorption? 548
 Impacted maxillary canines, some views on subject of, 550
 In memoriam, Leslie P. Abbe, 113
 Incisor mandibular plane angle, 574
 lateral, permanent maxillary, 685
 Inclination, axial, of mandibular incisors, 571
 Infancy and childhood, psychologic care during, 118 (B. rev.)
 through childhood, 244 (B. rev.)
 Inter-American forum, dentistry's part in, 432
 Intermaxillary ligation of fractures, use of cotter key in, 373

J

- Jaw orthopedics in fracture treatment, theoretical basis of, 383
 relationships, en masse movement to correct, 230
 Jaws and face, synopsis of traumatic injuries of, 240 (B. rev.)
 and other facial bones, fractures of, 365 (Abst.)
 earliest known fossil stages in evolution of oral cavity and, 253
 traumatic surgery of, including first-aid treatment, 49 (B. rev.)

- Johnson technique of anterior and molar band making, 340
 twin arch, end tube pinching plier for, 30
 method of adjusting intermaxillary hooks on, 338
 technique and special arch pulling vise, 348
 wire appliance, coil spring attachment to, 355
 philosophy behind, 459
 arch progressive clinic, 340
 mechanism, adjustment of molar buccal tubes for, 344

K

- Kansas, status of bill relating to licensure of dental specialties in, 336

L

- Labio-lingual appliance, variations in use of, 208
 technique, chrome alloy in, 602
 Lateral incisor, permanent maxillary, 685
 Law, mail-order denture, 737
 Licensure of dental specialties in Kansas, status of bill relating to, 336
 in Missouri, status of, 333

M

- Macleod's physiology in modern medicine, 55 (B. rev.)
 Mail-order denture law, report on, 734
 Malocclusion, habits and their relation to, 557 (Abst.)
 heredity as aetiological factor in, as shown by study of Dionne quintuplets, 561 (Abst.)
 supernumerary teeth and, 623
 Man in structure and function, 616 (B. rev.)
 Mandible, position of, 51 (Abst.)
 resection of, 141
 Mandibular incisors, axial inclination of, 571
 protraction, differential analysis and treatment of two cases of apparent, 127
 Masticatory stresses and their relation to dental caries, 55 (Abst.)
 Maxillary fractures, 331
 lateral incisor, permanent, 685
 Maxillofacial and plastic surgery, manual of standard practice of, 46 (B. rev.)
 Measurements, body, based on studies of children of North European stock, 300 (Abst.)
